PROGRAM OUTLINE

Career Occupation: This introduction program is comprised of the first two courses of the Natural Nutrition Diploma Program and provides a general understanding of the links and connections between health and nutrition. Successful completion of the Introduction to Natural Nutrition Program may be used to transfer to the Natural Nutrition Diploma Program (provided the student meets the program's Admission Policy).

CSNN offers a comprehensive program in natural nutrition (Natural Nutrition Diploma Program) qualifying graduates for the **R.H.N./C.H.N.C.** designation with the corresponding professional title **Registered Holistic Nutritionist™/Certified Holistic Nutritional Consultant™**. CSNN's holistic approach to natural nutrition provides progressive, hands-on education geared towards achieving optimal health and a lasting career to work in private practice or with other health care professionals to institute proactive health care programs.

Learning Objectives: Upon completion of the Natural Nutrition Introduction Package, the successful student will have demonstrated the ability to recognize the link between nutrition and optimal health and develop diets for individuals based on their unique nutritional needs.

Method(s) of Evaluation: May include a combination of a quiz, test, presentation, in-class demonstration, and/or a research project.

Completion Requirements: To successfully complete the Natural Nutrition Introduction Package and receive a completion certificate, a student must have an overall average of 80%. A student's overall average is calculated using a formula with a weighted scale that takes into consideration the amount of hours of each course. Students are expected to attend all classes, be on time, and stay for the duration of the class. If a student misses 50% of any course, the student must retake the course and pay any applicable fees. All students must meet the above requirements.

Program Organization

Title of Course	# of Hours
Fundamentals of Nutrition (Part 1)	21
Fundamentals of Nutrition (Part 2)	15
