Program admission requirements may not be waived by the student or institution.

STATEMENT OF STUDENT RIGHTS

CSNN Vancouver Island is certified with the [Private Training Institutions Branch](#) (PTIB) of the British Columbia Ministry of Post-Secondary Education and Future Skills. Before you enroll at a certified private training institution, you should be aware of your rights and responsibilities.

You have the right to be treated **fairly** and **respectfully** by the institution.

You have the right to a **student enrolment contract** that includes the following information:

- amount of tuition and any additional fee for your program
- refund policy
- whether the program was approved by PTIB or does not require approval.

Make sure you read the contract before signing. The institution must provide you with a signed copy.

You have the right to access the institution's **dispute resolution process** and to be **protected against retaliation** for making a complaint. You have the right to make a **claim** to PTIB for a **tuition refund** if:

- your institution ceased to hold a certificate before you completed an approved program
- you were misled about a significant aspect of your approved program.

You must file the claim within **one year** of completing, being dismissed or withdrawing from your program.

For more information about PTIB and how to be an informed student, go to:

: <http://www.privatetraininginstitutions.gov.bc.ca/students/be-an-informed-student>.

• Student has completed more than 30% but less than 50% of the program.	Institution may retain up to 50% of the tuition paid.
• Student has completed 50% or more of the program.	No refund due.
Completed means the student has received an evaluation of their performance for the specified percentage of hours of instruction. If a student completed a portion of a program for which they did not receive an evaluation, that portion should not be included in the calculation of the percentage of the program completed.	

CANADIAN SCHOOL OF NATURAL NUTRITION VANCOUVER ISLAND 1-YEAR NATURAL NUTRITION PROGRAM

Career Occupation: CSNN offers a comprehensive program in natural nutrition qualifying graduates for the professional designation R.H.N., with the accompanying professional title Registered Holistic Nutritionist™. CSNN's holistic approach to natural nutrition provides progressive, hands-on education geared towards achieving optimal health and a lasting career to work in private practice or with other health care professionals to institute preventive health care programs. Graduates have found career opportunities in a variety of sectors including: food industry, natural health centres and spas, fitness centres, sports training centres, chiropractic clinics, health food stores, teaching and education, wellness centres, medical clinics, martial arts services, administration, conference, and retreat centres, consulting services, seniors' and retirement homes, home care nursing, and naturopathic clinics. This program does not lead to a regulated occupation.

Learning Objectives: Upon completion of this program the successful student will have a comprehensive overview of the field of holistic nutrition as it relates to whole food nutrition, science, body-mind-spirit, and the environment. The graduate will be competent to educate, guide, and support clients to make empowered health changes. Students will be able to support the progress of their clients' health goals by creating an individualized wellness program which includes the use of whole, nutrient-dense foods; menu plans; natural source supplements, and sustainable lifestyle modifications through:

1. course work that fosters competence in understanding the role of holistic nutrition
2. case study work to create and implement individualized health supportive protocols

Methods of Evaluation: Students are evaluated within each of the 18 courses of the program, which may include a combination of a quiz, test, presentation, in-class demonstration, and or a research project. Throughout the program students submit case studies that are marked using rubrics, which reflect the expectations at the respective points in the program. At the end of the program students write a cumulative Final Board Exam set by CSNN Head Office.

Completion Requirements: To graduate a student must have an overall average of 80% and have completed the following requirements, which are weighted as follows:

- 45% 18 courses in the Natural Nutrition Diploma Program
- 30% final board exam
- 25% Clinical Case Studies (including Clinical Studies Course if taken)
- Body-Mind-Spirit Book Report
- Co-requisites: attend 50 hours minimum of 57 (including 18 hours of Case Study Co-requisites)

The program includes corequisite classes, which are designed to give students the opportunity to develop skills essential to their success in the field of nutrition. Students must attend mandatory corequisites including the Case Study Follow Up, and complete a Body Mind Spirit book report. CSNN VI also offers culinary classes included in the opportunity for learning.

The clinical aspect of the program is the 10 case studies that are due prior to the Final Board Exam and this clinical study accounts for an additional 250 hours of the program. The Clinical Studies Course will be given in the classroom by a qualified instructor or a Registered Holistic Nutritionist. The student will be able to interview clients, make use of reference material, work on their case studies and ask questions of his/her instructor, as well as study for upcoming tests or presentations. We will hold student clinics, corequisites, lectures and webinars in this time period.

All students must meet the above requirements. Prior to writing the final written exam, students must have no outstanding payments (i.e. administrative fees, tuition, textbooks).

Homework Hours: Students can expect to spend approximately 600 hours outside of the classroom on work assignments, case studies, plus class preparation.

Program Organization:

Title of Course	# of Hours
Fundamentals of Nutrition I	24.5
Fundamentals of Nutrition II	17.5
Anatomy and Physiology	31.5
